▲ = Product failed to meet label claim when tested by Consumer Labs

■ = Product only claims Resveratrol, Trans-Resveratrol content is unknown

● = From Japanese Knotweed

## The POTENCY OF RESVANTE™

### What is the Trans-Resveratrol Discovery?

Trans-resveratrol is the secret, age-defying and health promoting nutrient found within red wine. Research has demonstrated that concentrated trans-resveratrol activates the human gene associated with:

- longevity
- cardiovascular support
- survival
- neurologic health.\*\*

### What Makes ResVante the Leader?

- ResVante has been clinically tested and possesses enzymatic sirtuin longevity gene activation properties.

- ResVante is the first and only trans-resveratrol LIQUID nutraceutical that delivers the proprietary Reserve RWE (Red Wine Extract) Complex formulation.

### The Safety Factor / Pesticides and Contaminants

- Resveratrol sources such as Japanese Knotweed used in other nutritional products can be of low quality and imported from questionable locations where quality and human rights are not a priority.

- ResVante provides 99% ultra pure trans-resveratrol, free from pesticides and other contaminants.
- Comprehensive pesticide, herbicide, heavy metal and microbial testing is performed on all ResVante phytonutrient ingredients.
